

The Flower – A Tribute

**Thank you flower for
the wonderful bouquet you present to me
Thank you flower for
your fragrance that fills the air and makes me smile
Thank you flower for
allowing me touch your silkiness and to feel beauty
Thank you flower
for blessing me with your array of colours**

**Thank you flower for being there
on my Birthday and to count the years
Thank you flower for being there
on Mother's Day to thank Mom
Thank you flower for being there
on Father's Day to be with Dad
Thank you flower for being there
on Valentines Day to let my sweetheart know I love her**

**Thank you flower for being there
on my wedding day to celebrate my relationship
Thank you flower for being there
at my child's birth
Thank you flower for being there
at so many special occasions
Thank your flower for being there
even when there wasn't a good reason**

**And one last thank you,
thank you for being there when I pass on
I know you will brighten the room
even if it is a sad moment for those left behind
Thank you for making me feel better knowing that you will be there.**
